The Tower Office Building - Burbank, California USA

* Developers: KG Land California and Christiansen/Geiger * Design Architects: The Nadel Partnership, Inc.*

* Cadd-FM Drawings by: Sunn-Starr Architectural, Inc.*

Tallest ductile frame concrete building in the West Coast. Largest Tenant: Warner Brothers Studios - Burbank. Work performed included CADD input of full Facilities Management set on IBM-compatible systems with Unix-based "Arris" design software provided by Automated Drafting Systems. Other work completed included Off-site Improvement Drawings, Interior Design of Lobbies and Restrooms; as well as Linking of Cadd drawings to the Primavera Project Management System for Construction Firm: Kumagai-Gumi of Japan.

Celebrating the Competition

The video link below is the first in a series of videos that will be posted here to showcase the great work being done in other parts of the world in the fields of Architectural 3D Modeling and Computer Animation.

As an Architectural Portal, we encourage viewers to browse the playlist at the end of each video and to visit the websites referenced. Under no circumstances is this showcase to be considered an endorsement of services offered by others. Inspiration and 'benchmarks for quality' are the only goals here. Enjoy!!!

JW Player™ is a very popular open source video / audio player for the Web. <<< [Learn more about JWplayer](#) >>>
